CIA 104 Hunt, Howard

SOCY 012 UNDERCOVER

Memoirs of an  
American Secret  
Agent

**E. Howard Hunt's**  
exclusive story—with headline-  
making revelations never  
before made public

## **UNDERCOVER**

**Memoirs of an American  
Secret Agent**

The explosive autobiography of the man at the very core of the President's resignation — from his first experiences in the wartime OSS and his 20-odd years with the CIA through his crucial role in the Watergate affair. It's a fascinating in-depth portrait of a man irresistibly drawn to espionage, a unique *inside* view of the Cold War in Europe, the Guatemala overthrow, the Bay of Pigs fiasco, the events leading to Nixon's unprecedented resignation. Here, at last, is the truth about "hush money" . . . who insisted on the Watergate break-in . . . Dorothy Hunt's fatal flight to Chicago, and much, much more. "Its pungent readability and its 'revelations' aside, Hunt's book seems the most moving account by any Watergate figure thus far."—*Publishers Weekly*. Get ready for major reviews and the kind of controversy that makes best sellers! A BERKLEY/PUTNAM BOOK. SBN-399-11446-7.
